

## THE HILO RECORD.

Happenings—A Mysterious Disappearance.

## POLITICAL.

Writing on the nominations, the Record says: Mr. [Name] although not a resident of our island, is a man whom we believe to be a noble in the interests of this island. His record as a noble in the year 1887-88 shows him to be a noble man, not afraid to state his opinions on any subject. His nomination on the Chinese question is of a positive character. From what we hear of his views, he is in favor of Chinese restriction, but still feels that we must not shut down so that we will not be able to get labor from that country, if need be. We do not think there is any danger of his doing anything in the future that would be detrimental to the best interests of the country. Mr. Young has large interests in our district, and will do all in his power to help anything wanted for the district, or for the whole island. We think that his nomination will be sustained by the votes of our island. As to Mr. Marsden, his record during the session of 1890 showed him to be a man of enlarged views. Although in some instances we felt that he was not quite right, still we think that he has been one of the best men that we had in that session. We believe he has the best of our island at heart, and will do all he can to further them. He thoroughly believes in good government, and that a part of good government is to push our public improvements.

With two such men elected, our island for this island will show a noble array of honest men. With a man in the legislature, there will be no fear of bad legislation. Mr. [Name] and Bill White held forth in the Court House last evening to a party of natives and foreigners. Mr. [Name] spoke, as far as we can learn, consisted of praising Wilcox as a "noble man." Paha!

The Portuguese held a meeting on the 29th evening at the Court House, and decided not to vote for any native Hawaiian representative of the Bush-rook party. They are sound.

The three most prominent candidates for Central Hilo are Kekohou, Kowale and Mossman. Of the three, Kekohou is the most reliable man, and hope that he may be elected.

North Hilo the prominent candidate is James Mattoon. He promises to be an independent and not a partisan candidate. Who else is running there we have not as yet heard.

South Hilo the only candidate for South Hilo thus far. He is not the man we want, and, without doubt, another candidate will be put forward.

Thus far only three natives, none of them suitable men, have been put forward as our elective Road Board.

MYSTERIOUS DISAPPEARANCE.

Mr. [Name], near Papaikou, left his home early morning, between 2 and 3 o'clock, and since that time has not been seen or heard of. Parties were sent for him both yesterday and yesterday, but thus far nothing has been heard of his whereabouts. He is supposed to have been under the influence of liquor at the time. When he left the house he took with him a hat, vest and pair of shoes. He left watch and keys and did not take any. It is feared that he made away with himself or else has wandered off and died in the wet from exposure. No reason can be assigned for his disappearance. His business was somewhat involved, but not enough so to lead to the suspicion that being the cause of his disappearance.

Mr. [Name], Captain Rock, arrived in port on Thursday last, six days from San Francisco. She brings a full freight. The passengers are Mrs. Bohnenberg and children.

Hilo, December 22, 1891.

Death's Harvest.

In another column will be found notice of the death of Mr. J. S. O'Connell. He has resided on the island for several years, following the profession of sugar boiler, in which he was an expert, and had been employed on several different plantations. Two years ago, he went to Louisiana to study the chemical process of sugar manufacture, and this year went to Germany for the same purpose, and no doubt had acquired knowledge of sugar boiling which few possess. An untimely death takes away one of the most promising young men engaged here in the manufacture of sugar. He leaves a bereaved other relations in Ireland.

VISTAS OF HAWAII.

In addition to the Pamphlets, of Twenty large sized Photographs, printed on board, with a border and title in bronze, have been added and are now on sale at Art Rooms of the Pacific Hardware Company. The pictures are of Island Views, printed from original negatives taken especially for this work for the Volcano and Railroad Companies. There is nothing finer made in the picture line than the remarkable distinctness of the half tones and shadows in these pictures.

The Illustrated Tourists' Guide.

That popular work, "The Tourists' Guide Through the Hawaiian Islands," is meeting with a steady sale both at home and abroad. Tourists and others visiting the islands should be in possession of a copy of it. It is a perfect mine of information relating to the scenes and attractions to be met with here. Copies in "pappers" can be had at the publication office, 46 Merchant Street, and at the News Dealers. Price 6 cents.

## KOHALA NOTES.

A Sudden Death—Personals—Christmas Observances.

Two sudden deaths from heart disease have occurred here within a month. The last one was a man named John H., in the employ of the Union Mill. He left his work to get a drink of water, and was seen to put his hand to his side and lie down. Someone went in a few minutes later to see what was the matter, and found him dead.

Dr. Weddick has been laid up with two broken ribs, caused by a fall from his veranda.

The sugar mills are mostly ready to start up for another season of grinding. No great changes have been made excepting in Union Mill, where a third set of rollers has been put in with power and the consequent additions to the building.

An innovation has been introduced in the shape of a chemist from Canada, who is to reside on the Kohala Plantation and search for possible sources of leakage on such of the plantations which have combined to pay his salary. It is to be hoped that he will have to look long and carefully before he finds any.

The new bridge in Walaohia gulch has been opened for traffic. The approaches to it are narrow, particularly on one side, but nothing more can be done until the Government supplies the necessary funds. These approaches should be fenced as well as widened for safety.

It may not be out of place to mention the name of Mr. T. S. Kay in this connection as having shown considerable active interest in the building of this new bridge, and rendered valuable service to the Road Board, which will undoubtedly be pleased to see some notice of it in this way.

Aside from the services held in the Chinese and Anglican churches, the only public celebration of Christmas day noticeable, was the display of banners over a shed built for an athletic exhibition in Kapaau, and a raised platform for special guests, mostly women and children. The shed covered a circle that had been made for the display of Japanese wrestling, and some dozen or more nude athletes took their turn at an exhibition of skill and muscular strength to the manifest enjoyment of the surrounding crowd.

The Japanese coffee shop and billiard room in that locality has been transformed into a hospital, under the auspices of Dr. Yamashita whose residence is near at hand.

There is noticeable stir for the coming elections, although it appears that the inspectors have been appointed. The various replies in the GAZETTE to inquiries about D. L. Huntman, furnish amusing reading, and bring out various comments. The great fault of his sympathizers appears to have consisted in bringing him back to life from a bed of sickness. Perhaps he will be able to calm to mind the little story about the snake that a farmer found freezing by the roadside and compassionately put into his bosom to warm back to life.

Mr. and Mrs. C. L. Wright, of Mahukona, will celebrate the tenth anniversary of their marriage at their house this evening, for which cards of invitation were issued lately. There will be dancing, a display of tinware and no end of good things to satisfy the hungry. May they live to enjoy many happy returns. A train will leave Mahukona at 1 A. M. to carry the guests back to their homes, and perhaps this brief notice will be as good as a more complete one written in the "wee sma hours," when the eyes are heavy and the head is eager to feel a pillow after the enjoyments are over.

Cool weather prevails, but no great amount of rain.

Kohala, Dec. 26, 1891.

"VISTAS OF HAWAII."

Both the Pamphlets and large sized Photographs of Island scenery have arrived by the Mariposa, and are now for sale by the Pacific Hardware Company.
